

## **HABA PRODUCT CRITERIA**

### **Body Care Criteria for New Product Submission**

Thank you for wanting to partner with Clarks' Nutrition & Foods Market in marketing your product. In today's competitive retail arena with the plethora of products available, it takes much consideration to make the correct choices in bringing in new products. Shelf space is limited. However, our customers are always looking for new and exciting products, or for the latest discovery in skin care. So for this reason, we always welcome new product submissions and we do carefully consider each one.

In order not to waste time and resources, please review the following criteria prior to submitting your product:

1. We **must** receive a full size sample of the product with actual product in the sample.
2. All samples must be sent to:  
HABA Buyer  
Clark's Nutrition  
4225 Market St  
Riverside, CA 92501  
Phone (951) 321-1960 ext 192  
Fax (951) 870-4118  
HABAbuyer@clarksnutrition.com
3. You must fill out a product submittal form on which you will need to provide the following information:
  - a. UPC #(s) of product submitted
  - b. Product Description
  - c. Suggested Retail Price
  - d. Cost before discounts (wholesale)
  - e. How to read code date
  - f. Opening order discount % for product
  - g. Ongoing discount % for product

Please designate if the product will be sold direct or through a distributor. If it is sold through a distributor, the distributor item number and distributor for each item(s) needs to be noted. (Natures Best, UNFI, Threshold numbers.) Please include contact information for you including an email address.

4. A full disclosure ingredients listing must be included if this is not listed on the product. If the product contains ingredients that are not common, you must submit information on the ingredient(s).
  - ❖ We will not approve any products that contain:
    - Formaldehyde
    - Toluene
    - Coal Tar
    - Triclosan
  - ❖ Preservatives: We recognize the need to preserve products for shelf life and for consumer protection. Please be prepared to discuss your preservative system and the percentage used.
  - ❖ No artificial fragrances will be allowed.
5. If the product you are submitting is from a new company (one not carried by Clark's Nutrition previously), you will need to submit a certificate of liability insurance for that company's products. Certificates need to be updated annually.
6. **All sales reps/brokers must be able to credit Clark's for slow moving products, not only in their own line but also competitive lines. Products to be discontinued will be based on Clark's movement analysis. All new items are on a 90-day probation period. If sales are not at expectations, broker/company will be asked to take back product.**
  - Credit Policy for lines/products after introduction (90-day probation) must be agreed upon before the line/product is considered (i.e. % discount off invoices for damaged, returned, expired etc.)
7. If the product you are submitting is from a new company (one not carried by Clark's Nutrition previously), we need to know your return and freight policies.
8. The better the opening order discount for a product, the better the chance of approval for the product. If a free set is offered this gives the best chance for approval of a product. Free shipping at an obtainable level is also a good incentive.
9. We need to know how the product is going to be marketed.
  - a. Is there going to be national advertising?
  - b. Is there co-op money available to market it in our newsletter?
  - c. Will there be demo support, testers and or samples?

- d. We need to know who stocks the product in our marketplace?
- 10. Each product you submit must be listed on the submittal form.
- 11. **We do not accept multi-level products.**
- 12. We require an accord certificate of liability with Clark's Nutritional Centers, Inc. listed as an additional insured on the certificate
- 13. Product promotional information including a product image and technical product information are required.
  - a. Image specifications: Dimensions 2 by 5 and in either gif or jpeg format, high resolution preferred. i.e. 200 wide by 500 or 400 by 1000 or .....
  - b. Technical product information: a paragraph describing the product. Limit of 254 characters including spaces and punctuation
