

Hi,

At Jarrow Formulas, we are known for the highest quality standards and a continual focus on excellence, but occasionally, like everyone, we make mistakes. We discovered a labeling error on our Beyond Bone Broths products and so are proactively initiating a Product Withdrawal of the following skus:

VIN	UPC	BRAND	DESCRIPTION	ITEM SIZE	ITEM UOM
BROTHB	790011210542	JARROW	Bone Broth- Beef Flavor	10.8	OZ
BROTHC	790011210559	JARROW	Bone Broth- Chicken Flavor	10.8	OZ
BROTHCC	790011210634	JARROW	Bone Broth- Curry Chicken Flavor	10.8	OZ
BROTHSB	790011210627	JARROW	Bone Broth- Spicy Beef Flavor	10.8	OZ

There is absolutely no safety concern to consumers but simply a labeling error involving protein content. The grams of protein are correct but the Daily Value % is incorrect. We will issue credit immediately upon receipt of the product. Two of the skus (Curry Chicken and Spicy Beef) are being discontinued. Buyers can restock the original flagship skus (Beef and Chicken) right away as our current inventory contains product that is accurately labeled. We apologize for the inconvenience and I reiterate that there is no safety issue, just a labeling error on our part.

As always, we very much appreciate your business and thank you very much for quickly removing these skus off your shelves and from your inventory.

Regards,

Clay DuBose

V.P. of Sales, Jarrow Formulas, Inc.
